Selatan Technology Resources Sdn Bhd Wins Award as Country Top Revenue-Generating Partner for SAP Business One

Kuala Lumpur, March 12, 2008 Selatan Technology Resources Sdn Bhd ("Selatan") a leading supplier of enterprise application software and channel partner of SAP, won the "South East Asia Achiever Award" for Revenue at SAP's 2008 FKOM in Singapore. Selatan was also named "Country Top SAP Business One Partner" honoring the past year's leading resellers for SAP Business One.

The Award for Top Revenue honors the SAP partner that generated the most revenues for SAP Business One in Malaysia.

The award is reserved for leading SAP Business One resellers, recognizing partners with the highest sales and successful delivery for the year, with consideration given to customer satisfaction, evangelism and the overall business relationship.

"My colleagues at Selatan have gone the extra mile to make our customers happy, and that naturally leads to a strong position within the SAP partner community," said KP Tan, director of sales and Marketing for Selatan, who accepted the awards during SAP's FKOM event, an annual gathering of SAP's field employees and partners.

"When we receive a vote of confidence like this from SAP, it means a lot to us and it drives us to stay focused on this successful path."

Selatan cater the needs of small and mid-sized companies that want to automate and streamline business processes. SAP Business One is one of the most powerful, affordable and easy-to-use solution for growing businesses.
